

Just Healthy Families Overview of Services 2022

Just Healthy Families is a Health Justice Housing Partnership that commenced in mid-January 2022. Services in the North-West started in June 2022 when the third specialist family violence lawyer was recruited.

The core services are delivered by three specialist family violence lawyers who visit fifteen health and social service partner sites across Tasmania on a weekly or fortnightly basis. The full list of Tasmanian organisations that have sought assistance from the JHF lawyers in 2022 are listed at the end of this report.

JHF is operating as a two-year pilot with funding from the Tasmania Community Fund and the Commonwealth Government. Evaluation services are provided as in-kind contributions by the University of Tasmania Schools of Nursing and Medicine as well as Law & Development Partners. JHF services were delivered in 2022 with 83% of projected legal resources.

In the first year of operation the following services were delivered across Tasmania:

2788

legal problems referred to the JHF specialist family violence lawyers

1670

services provided by JHF lawyers through direct client consultations and secondary consultations with partners

1434
